Website Development Plans

1. Static Website Development

What is a Static Website? A static website consists of fixed content, primarily built using HTML, CSS, and JavaScript. It is ideal for businesses or individuals that do not require frequent updates or user interactivity.

Features of a Static Website:

- Professional design tailored to your branding.
- Fully responsive across devices (mobile, tablet, desktop).
- Up to 15 pages (e.g., Home, About Us, Services, Contact Us, etc.).
- Basic contact form (with email functionality).
- On-page SEO optimization.
- Fast loading speed.
- Deployment on your hosting or assistance with hosting setup.

Plans for Static Websites:

Plan	Price (INR)	Details
Basic Plan	₹9,999	5 pages, responsive design, hosting setup.
Standard Plan	₹14,999	8 pages, basic SEO, contact form.
Premium Plan	₹19,999	10-15 pages, advanced design, blog setup, and support for 3 months.

2. Dynamic Website Development

What is a Dynamic Website? A dynamic website involves user interactivity, database connectivity, and custom functionalities (e.g., admin panels, eCommerce, login systems). These websites can be updated frequently without developer assistance.

Features of a Dynamic Website:

- Professional design with advanced features.
- Database-driven content management.
- Admin panel to manage your website (e.g., edit pages, upload content).
- eCommerce integration (if required).
- Advanced SEO features and analytics setup.
- Fully responsive across devices.
- Interactive user features (e.g., forms, login systems).
- Ongoing technical support.

Plans for Dynamic Websites: Starting

Plan	Price (INR)	Details
Basic Plan	₹19,999	Basic admin panel, up to 10 pages.
Standard Plan	₹29,999	15+ pages, database integration, user management.
eCommerce Plan	₹49,999+	Full eCommerce features (products, payments, cart, etc.).
Custom Plan	₹49,999+	Fully customized functionality and design.

Add-Ons and Custom Features:

Feature	Price (INR)
Blog integration	₹2,000
Advanced forms (multi-step)	₹3,000
Third-party API integration	₹10,000+
Additional pages (per page)	₹2000
Hosting and domain setup	₹3,500

Terms and Conditions

1. Scope of Work:

- The scope of the project will be defined before starting development. Any additional features or changes outside the initial scope will be charged extra.
- Designs and layouts will be finalized before development begins. Mid-project design changes may incur additional costs.

2. Payment Terms:

- 50% of the project cost is payable upfront before the start of work.
- 30% payment upon approval of the design phase.
- Final 20% payment before deployment.

3. Delivery Timeline:

- Static websites will be delivered within 7–10 business days.
- Dynamic websites will be delivered within 15–30 business days, depending on complexity.
- Any delays caused by incomplete client inputs (e.g., content, images) will affect the timeline.

4. Client Responsibilities:

- The client is required to provide all text, images, and other materials for the website unless agreed otherwise.
- The client is responsible for the cost of hosting, domain registration, and SSL certificates unless included in the plan.

5. Revisions:

- Up to 4 rounds of revisions are included for free. Additional revisions will be billed at ₹1,000 per round.

6. Maintenance:

- Free bug fixes for 30 days post-delivery for dynamic websites.
- Ongoing support and maintenance packages are available at an additional cost.

7. Refund Policy:

- No refunds once development work has started.
- If the client decides to cancel the project, the upfront payment is non-refundable.

8. Ownership:

- The website code, design, and content will be handed over to the client upon full payment.
- The client retains full ownership of the website.

9. **Confidentiality:**

- All information shared between the client and the developer will be kept confidential.

10. **Third-Party Integrations:**

- Any additional third-party integrations (e.g., payment gateways, APIs) will require separate agreements and costs.

Additional Details:

- **Technology Stack:**

- **Static Websites:** HTML, CSS, JavaScript.
- **Dynamic Websites:** PHP, MySQL, Laravel/CodeIgniter, React/Angular/Node.js (if required).
